Community Links, a provincial association of 280 senior and senior serving organizations, is the sponsor of the Age Friendly Workplace Project for the Non-Profit Sector. The project's objectives are to identify what nonprofits can do to address the potential impacts of an aging workforce and to research what might encourage and support individuals near retirement to stay employed in our sector, or for mature individuals to seek new employment in the nonprofit sector as a second career.

Mark The Date - February 27th, 2012, a provincial forum in Truro to discuss the research findings of the Age-Friendly Workplace Project
